Q. What has the Jackdaw to do with time stopping in Bramshall?

A. In building its nest in the church belfry, twigs have fallen onto the cogs that turn the fingers on the clock face causing a slight seizure of movement. We hope to rectify very soon.

BRAMSHALL AND DISTRICT GARDENING CLUB

Patio gardens are becoming more and more popular and we were pleased to have Gerald Ingram of Planters Garden Centre presenting an evening on how to make patios look their best. He said that the three most important aspects are using the right compost in the containers, making sure they are watered regularly and ensuring that they are adequately fed. He recommended John Innes No. 3 as an all round favourite and advocated using composts with moisture retention properties to make life easier.

He suggested that containers could be planted in layers, so they would have more variety and last for longer – for instance planting lilies or gladioli below summer bedding plants. Plants with scent could add another source of enjoyment. An alpine garden could be made from a strawberry container and this type of container also works well for herbs. Vegetables could also be grown on the patio – beetroots work well and have some interesting foliage. Peas and runner beans are now available as dwarf varieties and are very successful and a new introduction, Cumelon, (a cross between cucumber and melon with cucumber flavour) is becoming popular. Certainly lots of ideas to try – a most useful evening.

The next meeting will be the last of the current season. It will take place at Bramshall Parish Hall on **Monday 30th April at 7:30pm**. Andy Holt will be presenting some wonderful photography showing the kingfishers of Shugborough in action and talking about the study he has made of them over the years.

There is still a chance to join for this season (£6.50) to enjoy 10% discount at the Strawberry Garden Centre on purchases above £10 (excluding discounted items). The 2018-2019 season will start on Monday 24th September. We hope to see you there.

Recipe:

'Sharwoods Spare Ribs'

16 Pork Spare Ribs. 1/2 jar Sharwoods Barbecue Sauce.

Put the spare ribs on a sheet of aluminium foil in a roasting tin. Brush the ribs generously on both sides with the barbecue sauce and then wrap the foil around the ribs and place in a moderate oven -160degrees. After 1 hour open the foil and let the ribs cook for a further 15 minutes in a hotter oven - 200deg. - basting and turning the ribs with the sauce until it has evaporated and become a delicious and thick glaze. Remove from the oven and serve with a green salad or just serve on a plate and let everyone help themselves.

A very short recipe so I have added another one for a lovely dessert to follow the ribs - Citrus Syllabub.

1 orange, 1 lemon, 2tbsp sweet white wine, 1/2 pint of double cream, 3oz castor sugar.

Peel the rind of the orange and lemon and squeeze the juice from the fruit. Add to the wine and marinate for 1 hour. Then strain the juice through a sieve. Save some of the peel for garnish. Put the cream and sugar in a bowl and add the wine mixture. Whisk until it has thickened to soft peaks. Serve into ramekins and garnish with peel.

All you need now is a warm spring/summer evening and eat round the table on the patio or in the garden. A nice fruity jug of Pimms will add that finishing touch!!

ENJOY.
